Eric and Chip,

Attached are DEQ comments (highlighted in yellow) on the LWG responses to EPA's comments on the conceptual site model (i.e., status of upland sources) in the Round 2 Comp. Report. Please let me know if you have any questions.

Nick Varnum with Integral had also forwarded the LWG responses to DEQ and wanted to meet with us to discuss our review. DEQ will only meet with Integral if EPA is present or aware of the meeting. Jim Anderson or I will follow up with you regarding communication with Integral.
